

## PET GROUNDHOG PREDICTS EARLY SPRING IN 1910

Animal Retired in October  
and Never Came Out  
Until Today.

It is Now Playing Around  
the Yard.

NO SUNSHINE OR SHADOWS

An early spring is predicted by the Paducah groundhog. This observation is not made by watching the clouds for a possible ray of sunshine, but by watching the groundhog. It came out of its hole for the first time today since October, and is playing on the porch.

This is a true story. Captain Mason Smith, of the town of Russell, brought a groundhog, about eighteen months old, back from the Tennessee river, and housed it for the animal at his home, 622 Fountain avenue. This was in the fall.

Captain Mason dug a hole for the groundhog and lined it with paper to make it snug and warm. In October the groundhog retired for the winter and never came out until today. The family watched its habits closely just from curiosity.

The ground hog came out today and has been playing around since morning.

Those who believe in ground hog prophecies, considering the severity of the winter and the continued cold, find much encouragement in their observations. The sun rose this morning behind a haze of clouds that completely overcast the sky. Just before noon there were indications of clearing weather, but shortly after noon it commenced raining.

Seekers After True Knowledge.

Dickson, Tenn., Feb. 2.—The Dickson Groundhog club, composed of a number of Dickson youths, has been busy the past week locating groundhog burrows in this locality, and in consequence two or more members of the club have been assigned to watch on groundhog day, every hole, from sunrise to sundown, and report the results at the meeting of the club Wednesday night. The object is to ascertain if there is any truth in the traditional groundhog day, and furthermore if the varmints venture a sufficient distance from their dens, to capture and cage them and thereby put a quietus on their weather manipulations. It is expected that some rather thrilling experiences may be related, as much of the most determined and daring blood of the community is interested.

Recovering From Burns.

Harry, the four-year-old son of Mrs. Bertie Cruse, of Pope county, Ill., is rapidly improving from serious burns received over the face and body January 10 at his home. He was brought to Paducah for treatment and little hope for his recovery was held at the start. His condition is becoming such that he will be able to be taken home in a short time.

Witness Says He Was Drunk.

Fulton, Ky., Feb. 2. (Special.)—At a special term of court John Phillips, Tom Hewlin, Leon Hunter and Tom Boaz were released on \$500 bail on the charge of killing R. J. Buge, Carl Wagener, chief witness against them, testified that the officers got him drunk and forced him to tell the story to the grand jury, which returned the indictment, promising to pay him \$25. Officers charged with influencing Wagener deny his story. He claims also that he was promised freedom from jail where he was confined for bootlegging.

Serious Fire Loss.

Holston, Mont., Feb. 2.—After extinguishing a fire which threatened to wipe out the famous mining camp of the Marysville company, the Holston fire department returned here today. The fire destroyed a theater, two meat markets, several saloons, a drug store and a number of empty buildings, comprising a block and a half of the business section. The loss is estimated at \$100,000.

LARGE ATTENDANCE AT  
FIRST BAPTIST REVIVAL

Large audiences are attending the revival at the First Baptist church this week. The Rev. T. T. Martin, of Blue Mountain, Miss., who is assisting the pastor, the Rev. M. E. Dodd, is a pleasant speaker and his sermons are of unusual force. Mr. and Mrs. T. P. Scholfield rank with the best evangelistic singers, who have visited Paducah. Services are held every afternoon at 2:30 o'clock, and every evening at 7:30 o'clock.

## Legislature Adjourns Today In Honor of Memory of Goebel Until Next Monday--McCreary Speaks

Senator Eaton's Bill, Increasing Requirements of Admission to State Bar Passes Upper House This Morning.

Frankfort, Ky., Feb. 2. (Special.)—Former Senator McCreary spoke to both houses. The senate passed the Eaton bill, providing for a state board of law examiners to be appointed by the appellate court to examine prospective lawyers.

When the senate resolution, appropriating \$1,200 for extra help, came up today Senator Bertram spoke vigorously against it, declaring the employment was for "questionable purposes," and said he was opposed to grafting expenses contrary to the constitution. Senator Eaton moved to amend by substituting the chief clerk as dispenser of funds in the place of sergeant-at-arms. Senator Louis Arnett resented Eaton's statement as a reflection on Mott Arnes, sergeant-at-arms, but Eaton said he had not meant it that way. Eaton's amendment was voted down and the original resolution adopted.

The senate passed the bill, increasing the board of health appropriation from \$5,000 to \$20,000, following the plea of Dr. McCormack.

Senator W. V. Eaton, of Paducah, voted with the yeas yesterday on the question of referring the county unit

## SECOND DISTRICT HAS A PRIMARY TODAY

Owensboro, Ky., Feb. 2.—The campaign for the congressional candidates is over. Today the Democrats of the Second District are making a choice of one of the three for party standard bearer. Hon. LaVoss Clements is the candidate of Haynes, Judge C. C. Givens, of Hopkins, and Hon. A. O. Stanley, of Henderson.

The polls will close at 4 o'clock this afternoon. Voting is heavy in many precincts.

Bedroom Conditions.

Louisville, Ky., Feb. 2.—Forty railroad traffic men, representing lines running out of Louisville and subsidiary lines, were present at a meeting of the Southeastern Mississippi Valley association held here today. The meeting was for the purpose of discussing various railroad conditions, for the regulation and classifying of rates. W. P. Warburton, superintendent of the association, presided.

## METHODIST CIRCUIT STEWARDS' MEETING

Stewards of the Paducah circuit, Methodist church, met this morning in the pastor's study at the Broadway church with the Rev. W. J. Naylor, and made the following apportionment of \$800 salary for pastor and \$75 for the presiding elder: Lebanon, \$197; Lone Oak, \$140; Massac, \$197; McKimree, \$220; Salem, \$115. May was fixed upon for the laymen's missionary movement and a two days' meeting will be held at each church. A. W. Rickman of McKimree, was chairman, and Mr. Jones of Massac secretary.

## Hoodoo Haunted Groom Deserts--Wife Insane

Starkville, Miss., Feb. 2.—Death of her father and desertion by her husband have turned the mind of Mrs. T. J. Ashley, daughter of General Wood, a wealthy planter. She married while her father lay dying and physicians say only her husband's return can bring about her recovery. Her father, who felt that he was dying, expressed the wish that his daughter should marry. Ashley, the girl's fiancé, consented to a hasty wedding and the minister was called. While the ceremony was under way General Wood died and the minister's blessing was changed to a prayer for the repose of the soul of the bride's father. Ashley left as soon as the ceremony was over. Now, he has sent back word that he'll never return to his wife. He says his marriage was overcast by the shadow of death and it would be a brood that would haunt him all his life.

## A Comparison of the Circulation of The Sun for Two Years

December, 1907 average .3819  
December, 1908 average .5126  
December, 1909 average .6506

This is the largest circulation west of Louisville.

BLACK HAND.  
Edwardsville, Ill., Feb. 2.—Three Italians, Louis Ilondo, Frank Scolla and Joseph Palazzo, were today found guilty of being members of the Black Hand society and sending threatening letters to L. E. Lammigh, a fellow countryman. They demanded \$6,000, threatening death, if the demand was refused. According to testimony submitted at the trial, the motto of the society was "money or death."

## LODGE PROPOSES A FOOD INQUIRY

PRESIDENT TAIT TELLS FARMERS' UNION DELEGATES HE IS WITH THEM.

WASHINGTON, Feb. 2.—A resolution to investigate the increased cost of living was introduced in the senate today by Senator Lodge. It provides for a select committee of five senators and follows closely the lines of the Elkins' resolution presented a month ago. The measure was referred to the committee on finance. It gives sweeping authority and directs an inquiry into the prices for necessities of life, cost of production at home and abroad, possible effect of tariff on prices and all other features of the situation.

The senate committee now investigating the cost of living are, Elkins, resolution before committee on contingent expenses, McChesney, resolution before agricultural committee, and Lodge resolution before finance committee.

The committee from the national farmers' union, headed by C. S. Barrett, president of the organization, called on President Tait today in relation to legislation on the question of gambling in futures. The president talked with them for some time and said he is in favor of a law, which would prevent speculation in the necessities of life.

## Funerals This Afternoon

The funeral of Mrs. Frances Smith Langstaff was held this afternoon at 3 o'clock at the residence, 800 Broadway, the Rev. H. C. Wright, pastor of the Grace Episcopal church, officiating. The following were pallbearers: Hon. Charles K. Wheeler, and Messrs. A. S. Fowler, Lawrence Dailam, M. B. Nash, Muscoe Burnett and W. F. Bradshaw, Jr.

## Funeral of Mrs. Mills

The funeral of Mrs. Nannie E. Mills took place this afternoon at 3 o'clock at the residence of Mr. and Mrs. Vassar, 643 Elizabeth street, the Rev. M. B. Dodd, pastor of the First Baptist church, officiating. The following acted as pallbearers: Hon. D. A. Yelzer, and Messrs. John Bonds, F. E. Riecke, J. Wallerstein, J. S. Smith and W. A. Lawrence.

Mr. Rainey T. Wells, of Murray, arrived in the city last night.

## Bank Statements

Washington, Feb. 2.—The comptroller of the currency today issued a call for statements of the condition of national banks at the close of business on Monday, January 31.

## Wed at Metropolis

Metropolis, Ill., Feb. 2. (Special.)—Mr. Joseph Gasky and Miss Emma Henry were united in marriage here by Magistrate Thomas Liggett. Yesterday Boone Scott, 22, of and Miss Norvela Fattrell, 19, of Kirksey, Ky., were married.

## PRINCIPAL AND INTEREST MAY BE GIVEN HOSPITAL

City May Borrow Bornemann Bequest and Spend in On Riverside Ward.

Fountain Money Has Many Conditions to It.

AND IT MAY NOT BE ACCEPTED

Three city executive boards will meet this week. The board of health will meet tomorrow morning at 9, the sinking fund commissioners will meet at 1:30 to take steps for the retirement of outstanding bonds; and the hospital board meet Friday at 1:30 to consider the acceptance of the \$2,500, divided to the Riverside hospital by the late William Bornemann. The will provides that the money shall be invested in some good securities and that the income shall be used for a ward at the hospital. If it is legal, the board may decide to propose that the city borrow the \$2,500 and spend it in addition to a wing or some other improvement to the hospital, paying six percent interest on the loan, the interest to go to the maintenance of the ward. In this way the hospital would get the advantage of both principal and interest. If possible the loan would be made perpetual, thus securing a safe investment for the money.

## The Fountain Fund

There is some doubt as to whether the city will accept the gift for the establishment of six public drinking fountains in the will of the late William Bornemann, who gave \$2,500 on condition that the water company provide the water without cost, while the city must maintain a cooling device. The city has only the D. A. R. fountain at Fifth street and Broadway.

The \$2,500 of \$2,500 each in trust for the Home of the Friendless and the Riverside hospital will be accepted. The equipping of the six fountains with cooling devices or ice would entail considerable expense upon the city during a year.

The paragraph in the will reads: "I hereby give and bequeath unto the mayor of the city of Paducah, who shall be in office and acting at the time of my death, the sum of \$2,500 for the purpose of establishing six drinking fountains at suitable places in the city of Paducah at a cost of \$500 each upon condition that a continual supply of water be provided for such fountains by the water company without cost and cooling devices be maintained at the city's expense. My hereinafter named executor is directed to pay the sum herein set apart upon the establishment of such fountains in accordance with the provisions of this clause."

## BETTIE OWEN IS IN SERIOUS FIX

SHE LIES STRANDED IN A CORNFIELD AND WATER RECESSES.

The ferryboat Bettie Owen, is lying in a perilous position in a cornfield across from Brookport, 100 feet back from the willows. She is hard aground in five feet of water, which is gradually receding, and she is lying in a strained position. Efforts are being made to raise her to-day and bring her to the ways. Assistance is necessary, because when the river goes down the boat will be left stranded, a total wreck. It is impossible to tell what is the matter with the boat until she is raised.

## School Trustee Resigns

School Trustee John Nicholas has sent in his resignation to the school board. He was one of the holdover members of the board. His inability to attend meetings because of his resignation. The resignation will be accepted at the next meeting of the board, and a successor elected.

## Chicago Market.

## Thirty-three Dead, Two Missing and One Fatally Injured Result of Elk Valley Mine Catastrophe

Miner's Lamp Ignites Gas in Unused Portion of Workings and Terrific Explosion Follows--Fire in Illinois Mine

Drakesboro, Ky., Feb. 2. (Special.)—Thirty-three dead, two missing and a half dozen injured, one fatally, completes the list of casualties at the explosion of the mine of the Elk Valley Coal company, at Browder, near here, yesterday about noon. The names of only a few of the dead have yet been learned, as the bodies of the victims are so mutilated that recognition is practically impossible. It may be some hours before their identities are established.

The dead included Roy Bennett, Max English, Matthew Lloyd, Wm. Richardson, Judge Allen, William Whitaker, John Richardson, E. E. Cornett, Cornett, Alex Williams, Charles Williams, Edgar Mitchell, J. D. Steele, Charles Whitney, James Whitney, T. H. Kelly and 12 negroes.

In addition to these, Pete Kelly, mine foreman, is missing and it is not known whether he is still in the mine or whether he made his escape. One unknown man is missing. Five or six men are injured. A man of the name of Jesse Jennings, white, is the only one injured who is believed to be fatally hurt.

The explosion occurred yesterday before noon and was supposed to be caused by a miner going into an unused portion of the mine where gas had accumulated. His miners' lamp is believed to have set on fire the gas, causing an explosion of such force as to cause the immediate death of all those working in the eastern wing of the mine.

About 50 men were in the workings when the explosion occurred. A number of them succeeded in making their escape to safety, but nearly 40 miners were thrown to the earth by the shock and before they could make another effort to escape they were either smothered or burned by the flames, which followed.

Most of the men are from Ohio, McLean, Logan and Muhlenburg counties.

As soon as it was safe to begin with the rescue work, miners were sent down in relays, under direction of J. Abercrombie, mine foreman, and C. Reynolds, the mine superintendent.

In the immediate vicinity of the explosion ten men had been working. The pit mouth presents a pitiful scene today, with the shrieking wives and children of the dead and missing miners crowded about waiting reports from the rescuers.

The mine is on the O. and N. division of the Louisville and Nashville railroad, between Drakesboro, and Browder station.

As the mine is difficult of access, the rescue work is necessarily slow and danger of cave-ins and more explosions add further hazard to the work.

The Browder coal mine was formerly owned by the W. A. Wickliffe Coal company, but recently passed into the hands of the Elk Valley Coal Mining company, in which concern a number of Memphis and other Tennessee capitalists are interested.

## Caused By Carelessness.

Primero, Feb. 2.—The explosion The rescuers reached entry 12 A. Fuel & Iron company, causing the death of at least 79 men, was caused by the explosion of fire damp, caused by a survivor of the former explosion in the same mine, in which 24 lives were lost. It holds that the explosion was caused by the ignition of gas from a flame originated probably through the carelessness of some miner in direct violation of the rules, either through crumpling the cap for a fuse, or lighting a match.

The officials assert that the cause will never be determined until the workings are cleared and a thorough investigation made.

The Primero mine was equipped with the most modern appliances, the miners carrying safety lamps and all were searched for matches before they were allowed to enter.

In the main mine of the Colorado seven-eighths of a mile from the mouth. A check of the bodies recovered reveals forty-seven removed, leaving thirty-two inside.

A force of men are digging graves in cemeteries at Trinidad, where the bodies will be taken. Seventy coffins have already arrived. In the list of the unknown dead are:

Dave Williams, Jack Elias, Wm. Helm, Jas Rummings, Ed. Radl, all Americans. The other known dead are negroes, Mexicans, Italians, Slavs and Japanese.

## Fifty-two Bodies.

Primero, Col., Feb. 2.—It became

MEAT STRIKER DEAD.  
Chicago, Feb. 2.—"Meat's too high all right, but watch me go to this piece of steak", this was the remark of Goff Peeler, a sign painter, to four companions as he started to devour his first meal after a vegetarian diet lasting a week. Five minutes later he was dead, having choked to death in an effort to eat too rapidly. Peeler, with his companions, had joined in a "no meat" strike, and hadn't tasted flesh for a week. Today he could not stand deprivation longer and bought the biggest steak he could find and died.

known that more than half the victims in the mine explosion carried life insurance in favor of relatives or wives. The many widows and orphans present a sad spectacle. Fifty-two bodies so far have been recovered from the mine.

## Experts All Busy.

Washington, Feb. 2.—The officials of the geological survey are dismayed over the rapidly with which the recent mine disasters have required the services of the few trained men at the survey's command for aid in the investigation.

## Illinois Mine Burns

Peoria, Ill., Feb. 2.—While a fire was raging in the shaft and upper works a rescue party entered the escape shaft of the Sholl Mine at South Bartonville, a mile away from the main shaft, and brought two miners, nearly dead, from suffocation, to the surface. The fire is believed to be of incendiary origin, and started in the tipple at 5:30 this evening. All the upper works and wooden construction of the main shaft were burned. The blaze was extinguished by volunteers two hours later. An investigation will be made.

Only the two men were in the mine. The day shift of 110 men was relieved at four o'clock, the night shift does not start until seven.

## Stock Policeman Busy.

The stock department of the police department has been busy today and Stock Patrolmen Lycurgus Rice has been kept on the hop. A horse was found near Lang park this morning and was brought to the city hall. Later the animal was claimed by C. A. Torrence, who explained that he owned the horse. Joe Klein, 625 Harrison street, complained that his roan mare escaped from his stable. A fine black mule about 15 bands high was found this morning wandering on the streets. The mule was taken in charge by Deputy City Jailor Tom King and was brought to the city hall to await the call of the owner.

## SEINE RETURNS TO ITS BANKS

RIVER IS STILL FAR ABOVE NORMAL--GREEKS ARE READY FOR WAR.

Paris, Feb. 2.—The Seine is many feet above normal height still, but it is practically within its old bed today.

The Seine has dropped 44 inches from the maximum height. Conditions are rapidly improving in the center of the city, but lawlessness in the outlying districts is almost uncomparable. A gang of four men and four women causing around Alfortville on a raft looting houses was captured after a hard fight in which two of the gendarmes were seriously wounded. The police had a second and harder fight to save the gang from death at the hands of a mob.

The relief funds are keeping pace with the demands upon them, the response from America being particularly generous. A serious situation confronting the authorities is the burial of the dead, as almost all the cemeteries near the city are flooded.

## Greece Prepares for War.

Constantinople, Feb. 2.—The Turkish minister of foreign affairs was today instructed to warn Greece that, unless her war preparations stop immediately, Turkey will consider them as an act of aggression.

Today's dispatches from Greece say all available reserves are being mobilized, independent companies are being organized in the villages and subscriptions are being raised to support these irregular bands.

## PETITIONS FROM THREE ROADS ASK FOR IMPROVEMENT

Lovelaceville, Cairo and Hinkleville Roads May Be Graveled.

Residents Offer to Share the Expense.

COUNTY JUDGE FAVORS PLAN

Petitions are being circulated over McCracken county by residents offering to pay half of the expense if the county will gravel the Cairo, Hinkleville and Lovelaceville roads this summer. There is no doubt that the roads will be improved by graveling, as County Judge Barkley has expressed his sentiment favoring it, while the people are so eager for improved roads that they will pay half of the cost.

During the summer it is expected at least 15 miles of the public roads will be gravelled. As yet the plan have not been outlined definitely, but it is proposed to gravel the Cairo road to the Ballard county line, the Hinkleville road to Lamont and the Lovelaceville road to Massac. The improved roads would be of much advantage to Paducah, and will increase the value of property in the county.

There seems to be my awakening to the value of good roads among the residents of the county. This winter because of the severe winter and the thus the dirt roads have been almost impassable and the need of the improved roadways has been impressed deeply upon the farmers who have been delayed in handling their tobacco and produce into the city.

## Few Bridges.

That fewer concrete bridges will be built in McCracken county this year is an announcement made by County Judge Barkley. With the completion of the concrete bridge over Clark's river all of the bridges will be in fair condition. The road and bridge fund has a deficit of about \$10,000, which was handed over to the present administration. It is the intention to wipe out this debt this year and cease paying interest on the money and next year to have more money for the extending of the mileage of improved roads in the county.

It is thought that 15 miles of roads can be gravelled this summer. The petitions are being signed by the county residents now and probably will be presented to the fiscal court at the regular March meeting.

The graveling of the Cairo road to the Ballard county line will result in much trade coming from Ballard county. The road is gravelled to within a few miles of the county line now. The graveling of the Lovelaceville road to Massac and the Hinkleville road to Lamont will be great improvements for the county.

## Didn't Know It Was Loaded

While handling an "unloaded" pistol, James Pruitt, a young man residing at 1929 South Third street, was shot through the left hand. The ball was 44 caliber and passed through the palm, fracturing several bones in the hand. Dr. J. D. Pendley was called and dressed the injury. The hand was badly torn by the pistol ball, but the injury is expected not to give him much trouble. Pruitt said he thought the chamber was empty of cartridges.

## FOR MEN MUST WORK AND WOMEN MUST WEAVE

Copenhagen, Feb. 2.—The bodies of 20 fishermen lost in the terrific gales that are sweeping the Norwegian coast, have already been washed ashore and nine fishing smacks, manned by 40 sailors, are still missing and believed to have gone down. All shipping is interrupted. The storm is the most severe in several years.

## POSTMASTER A. DOWNS WILL BE REAPPOINTED

Postmaster A. Downs will serve another term as postmaster of Murray. This information was divulged today by Postmaster Frank Fisher, who was in Washington last week and learned that Mr. Downs would be appointed for another term of four years. His first term will expire April 19. During his first term Mr. Downs has done much to uphold the postoffice and is a popular citizen of Murray. Despite the fact that several applicants were seeking the plum, Mr. Downs had no trouble in securing an endorsement from the post-office department. Mr. Downs was in the city today on business.

## REVENUE AGENT UNDER ASSESSOR

SUBSTITUTE IS PROPOSED FOR  
BILL ABOLISHING OFFICE.

Move ment is Started to Give Mem-  
bers of the Legislature More  
Pay.

BIG MONEY FOR THE SCHOOLS

Frankfort, Ky., Feb. 2.—There have been introduced in the legislature two bills providing for the abolishment of the office of revenue agent. One offered by Representative W. F. Blair, of Lexington, affects only the office of revenue agent for the state-at-large, while the other, of which Senator E. M. Taylor, of Fulton, is author, does away with the state agent and also the county revenue agents. All of these agents are now appointees of the state auditor.

It is pointed out by the advocates of the abolishment of the offices of these "tax ferrets" that the system has been carried to extremes and become a nuisance, competition having become so keen among the different agents as to who would be the first to locate sequestered property and bring the suit to enforce collection. It is also alleged that many citizens have been put to great inconvenience and loss by defending suits instituted by "tax ferrets" that had no merit.

Substitute Measure Proposed.

Many members who favor the abolishment of the office of state revenue agent as useless and unnecessary, insist that there should be in each county an official to look after such matters as should come within the purview of a revenue agent. With this purpose in view, a measure has been drafted as a substitute for both bills and has met with considerable support.

The compromise measure provides for the appointment of a revenue agent in each county not by the state auditor, but by the county assessor, and the abolishment of the office of state revenue agent. Lodging the appointment in the hands of the county assessor, it is argued by friends of the plan, would be in the nature of home rule and place the collection of back taxes in the hands of local officials. In Democratic counties, the revenue agent would be a Democrat, and in Republican in those counties where the assessor belonged to that political faith. The substitute bill carries an emergency clause and will become effective after its passage.

Big Money for Schools.

The house committee on State university and normal schools, of which Representative L. B. Herrington, of Madison county, is chairman, has reported favorably on his bill carrying appropriations of \$75,000 each for State university at Lexington, Eastern State Normal school at Richmond, and the Western State Normal school at Bowling Green. These sums are intended to bring the equipment of these institutions up to the levels contemplated when they were established. Representative Herrington is an ardent advocate of everything that will improve educational conditions in Kentucky, and takes especial pride in the development of the normal school system.

Contest Fees Delay Report.

The special committee to which was referred the contest case of Lykins, Democrat, against J. W. Perry, Independent Democrat, for the seat in the house from the Morganfield district, is still wrestling with the matter of an allowance for the parties to the contest. Lykins withdrew his contest and Perry will hold the seat, but the committee has never agreed on the allowance for expenses. The usual custom has been to allow both parties to a contest \$250 to pay for attorneys' fees and other expenses incurred in the contest.

Ryan Plays in "Tough Luck."

Sonator Mark Ryan, of Louisville, played in "tough luck" when his opinion bill was placed on its passage in the upper branch. The measure carried by a vote of 15 to 8, but not receiving the constitutional two-fifths majority vote, was declared rejected. A motion to reconsider was quickly entered, and Senator Ryan is confident of its passage when the matter is again brought up. The absence of many senators from their seats is given as the reason of the failure of the bill to receive the required votes to insure its passage. Quite a fight was made on the measure, which is backed by the pharmaceutical and medical associations of the state.

## THE DROUTH

WAS DROWNED, BUT IT COST HIM FIFTY.

Nelson Bryant Irrigated Throats in the City Jail Upon His Release.

For hospitably keeping his promises to fellow sufferers from alimentary drouth and installing a system of irrigation in the city jail, Nelson Bryant, colored, was fined \$50 in police court this morning. The system of irrigation was a large bottle of liquor and the joy water flowed freely last night.

Bryant has been a prisoner in the jail, but served out his time and was released. Before taking his departure he was given money by some of the prisoners and Bryant promised to get a bottle of the best bonded in bond. True to his word, he returned last night and poked it through the prison bars. A regular social was held in the prison, until some of the prisoners had imbibed too freely of the liquid joy and a general fight followed. Sergeant Cross and Patrol Driver Terrell heard the disturbance and had to use force before the prisoners would be peaceable. Bryant is now a prisoner in the jail again with 50 days' service ahead of him.

Jake Parker was fined twice this morning in police court for two cases of breach of peace. Parker went to the lunch stand of his brother, Lam Parker, on North Fourth street, and used loud and boisterous language. He was arrested yesterday afternoon by Patrolman Stewart, and last night after executing bond went back and raised a disturbance again until guided to the police station by Patrolmen Smith and Schroeder.

For the first offense Police Judge Cross fined him \$20 and costs and his second visit cost him \$10 and costs.

A case of breach of ordinance against Minnie Long was left open by Judge Cross.

Colonel (1919)—So you lost half your forces in ambush?

Lieutenant—Yes, sir! The enemy rigged up a cannon to look like a moving-picture machine, and the boys just fought for a chance to get in front of it!

## "The Folks are Living Well these Days"

Living on the "top shelf" doesn't require a mint of money. Neither do you need to hunt the markets over for unusual foods. A five cent package of Faust Brand Spaghetti and any one of the common things which every modest larder holds in abundance, will make a meal you'd smack your lips over.

**FAUST BRAND SPAGHETTI**

is a wonderfully adaptable food. There are almost endless ways to cook it. Our little book, "Spaghetti and some of its uses," gives more than twenty and any housewife can think of more. Faust Brand Spaghetti is very nourishing. If you still eat clogging foods like meat, because you don't know a substitute—try "Faust" Spaghetti. All grocers keep it, 5c and 10c the package. Here is a fine recipe to introduce you to "Faust" Spaghetti goodness:

**Faust Spaghetti and Poached Eggs.**  
Put 1 package of Faust Brand Spaghetti in a saucepan with stable spoonful of butter and enough milk to cover. Cook slowly until almost tender. When nearly done, season with salt and pepper and add 3 stable spoonfuls of grated Parmesan Cheese. Put Spaghetti on a dish, cover with brown sauce and bake in minutes. Trim a poached egg and lay on top of Spaghetti; garnish with parsley and serve hot.

Write for book of Faust Spaghetti recipes, sent free on request.

MAULL BROTHERS, St. Louis, Mo.

Two Irishmen were out hunting. "For the love of heaven, Mike!" bird won't wait."—Saturday Evening  
with one gun between them. The shouted the other hunter, "don't post.  
man with the gun saw a bird on a shoot! the gun ain't loaded."  
twig and took careful aim at it. "I've got to!" yelled Mike. "The Try the Sun for Job Work.

AT THE KENTUCKY.

Tonight—"Graustark," romantic drama.

Saturday (matinee and night)—

Vogel's Minstrels.

"Graustark," dramatized from the novel of the same title (the book that made George Barr McCutcheon famous as an author), will be the attraction at the Kentucky theater tonight. The play retains all the heart interest and thrilling incidents of the charming story, and faithfully depicts the romantic adventure of a fearless American and a princess of royal blood. It is in five acts and bristles with dramatic sensations, with a fine vein of humor interwoven in its marvelous plot, and is mounted with elaborate scenic effects and picturesque costumes.

At the Kentucky theater on Saturday afternoon and night marks the first appearance of John W. Vogel's Big City Minstrels in this city. The organization is a large one and comprises some of the foremost artists in the minstrel sphere and the world of novelties. Charles Gano is the principal comedian of the company.

## McPHERSON'S DRUG

STORE MOVES TO

PALMER HOUSE

Dr. W. B. McPherson, proprietor of the "Rexall" drug store, who for the past thirteen years has conducted his drug business in the building on the corner of Fourth and Broadway, has secured a lease on the Palmer house store room now occupied by a tailor shop, to which place, after February 15, he will move the "Rexall Store".

Dr. McPherson's many friends are congratulating him, and the public will be glad to learn of his good fortune in securing so desirable a location, situated as it is in the very heart of the shopping district, only half a block from his present store, which the rapid march of Paducah's progress forces him to vacate.

**This contractor got results.**

Some years ago a contractor building a railroad in a warm climate was troubled a great deal by sickness among the laborers.

He turned his attention at once to their food and found that they were getting full rations of meat and were drinking water from a stream near by.

He issued orders to cut down the amount of meat and to increase greatly the quantity of Quaker Oats fed to the men.

He also boiled Quaker Oats and mixed the thin oatmeal water with their drinking water. Almost instantly all signs of stomach disorders passed and his men showed a decided improvement in strength and spirits. This contractor had experience that taught him the great value of good oatmeal. 53

The cost was small; 10c for regular size packages; it is also packed in hermetically sealed tins for hot climates.

**BOARD OF PUBLIC WORKS MEETING****CONSIDERS GRAVEL CONTRACTS FOR STREETS.**

Relay Engine Needed at the City Lighting Plant and Other Needs.

**ALL THE MEMBERS PRESENT**

At a meeting of the board of public works at the city hall last night, Prof. John D. Smith clerk pro tem, was instructed to write a letter to the general council calling its attention to the fact that there is no relay engine at the electric light plant to switch on in case of an accident to the present engine that is taxed almost to its capacity. Although an appropriation is not directly asked for, the board last night voiced its sentiments in favor of having a sum laid aside for the purchase of another engine.

The present engine was installed 16 years ago and at that time 112 lights were burned. Lights were added time after time until the present number is 219. More requests are being received by the board of works every day, and it is impossible to put on more lights with the present engine. Mr. Force said the engine could supply more lights, however, but every additional light would increase the chances of a breakdown, leaving the city in darkness with no relay engine to depend upon. Moreover, as the city is taking steps to extend the city limits more lights will be necessitated.

It is the idea to purchase a 250 horse-power engine and use the old one as a relay. The capacity of the present engine is 150 horse-power, but it is now being run at a force of 175 horse-power and is liable to break down at any moment. The boilers are adequate as well as the machine, that is sufficient to provide 200 lights.

A bid was received from Hummel Brothers, insurance agents, to furnish the city with an indemnifying policy, protecting the city against suits growing out of accidents to their employees or the general public in case of coming in contact with electric wires. The bid was received and will be held until others are sent in. Bids will be obtained from other agents.

**Gravel Bids.**

Bids were received from contractors for furnishing the city gravel for the year 1910 on both sides of the city. There were seven bidders, four of whom have pits inside the city limits. As it is against the ordinance to take gravel from pits inside the limits, these bids were thrown out and the certified checks of \$50 each returned to the contractors. Three bids from owners outside the limits were upheld until an inspection of each pit is made by the board. The bids from owners inside the limits were cheaper, however, but the board intends to abide by the law and besides purchase the best gravel available. The bids upheld were as follows: Richard Bell, 85 cents per cubic yard to any part of the city; A. W. Tate, 82½ cents on the south side; Thomas H. Torian, 85 cents to any part of the city.

The bids turned down were the following: W. L. Yancy, 75 cents on north side and 85 cents on south side; Robert Hallowe, \$1 on north side and 85 cents on south side; E. C. Baker, 65 cents on north side, 75 cents on south side or 70 cents to

**A FEELING OF SECURITY.**

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root. Swamp-Root is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

Sample Bottle of Swamp-Root Free by Mail.

Send to Dr. Kilmer & Co., Hingham, N. Y., for a sample bottle, free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention the Paducah Daily Sun.

any part of the city; Steve Eiter, 68 2-3 cents on north side, 77 cents on south side or 72 5-6 cents to any part of the city.

The board of health has complained against pits being opened inside Paducah, but it is in the power of the board of public works to let contracts for gravel from pits inside the limits. The contracts will be let next Tuesday at a meeting of the board after the inspection is made.

**Conduit Wire.**

The Byrd Electric company was awarded the contract to install conduit wiring for 21 Tuxton lights in the interior of the market house for \$99.50. Their bids for open wiring was \$75 but the conduit system was recommended by the city electrician. The wiring will be installed under the supervision of City Electrical Inspector McPherson.

Butchers, who occupy the inside of the market house, complained of the poor arc lights at the ceiling and sent in a petition asking for Tuxton lights, one to be placed back of each stall and one at the scales. This makes a total of 21 lights. The wiring will carry 60 watts and strong enough for 100 watts to be used if the 60 watts prove dim. Mr. Force, superintendent of the light plant, said by the installation of the new lights the city would save a large amount of money every year. He said the cost for the current at the market house last year was \$237.

The other bidders and their figures were as follows: Mitchell Machine & Electrical company—open, \$106; conduit, \$119.50; Katterjohn & Dauby—open, \$83; conduit, \$112.50. The lights will be installed immediately and the wiring will be permanent with the specified system. Each light will be at the rear of each stall and 12 feet from the floor.

**Bond Furnished.**

The bond of Contractors A. J. and John S. Miller & Son, of Lynchburg, Va., for the construction of concrete sidewalks on both sides of Clay street, North Twelfth street and Fountain avenue, was approved by the board and signed by President Richard Rudy. City Solicitor Campbell and City Engineer Washington had also approved it. Their bondsmen are the Fidelity and Deposit company, of Maryland, and for \$2,555 in each case of construction.

**Miscellaneous.**

City Marketmaster Albert Senger reported that three of the old centers of benches at the market house had given up their stands and they were open for rent. They were let to J. D. Switzer, Charles W. Hedfus and Herger & Goldightly. The bench numbers are 24, 25 and 66.

Supt. Force, of the light plant, reported that the eight extra street lights had been shipped from Schenectady, N. Y., January 29 and were expected here at any day. The order for them was placed January 10.

Street Inspector E. E. Bell, Jr., submitted his monthly report. It showed a comparison of the expenditures for that department for the month of January, 1909 and 1910. It was as follows: Payroll for January, 1909, \$111.15; same month this year, \$565.10, making an increase of \$153.95.

Expense account for January, 1909, \$400.01, for the same month this year, \$405.17, making an increase of \$5.16.

Gravel for January, 1909 amounted to \$121.68, while for the same month this year it amounted to \$246.86, including limestone rock.

Mr. Bell explained that the increase in expenses, etc., was due to the fact that more employees were secured to clean the snow from the streets and also more rock was used for patchwork this year than last.

The monthly reports of Senger, Inspector Franke, Supt. W. H. Force, of the light plant, and the market master were received and filed also. All members were present as follows: Messrs. Rudy, Lack and Kolb.

**Struck a Rich Mine.**

S. W. Bonds of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills, for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Chills, Dyspepsia, Debility. 25c at all druggists.

Many seem to think that the mark of a level-headed man is that he has thrown away his heart.

**B Ogilvie's**  
PADUCAH, KY.

*We confine this afternoon's announcement to a brief reference to a very few of the many interesting lines which are now being strongly featured because of the newness of Styles or lowness of price.*

**A NEW TUB SUITING AT 10c YARD**—We have bought a new Tub Suiting that we expect to be a great seller owing to its many good qualities. This suiting resembles duck or German linen, but has a much better surface. It comes in all the newest shades and also white—16 shades in all—and priced very reasonably at 10c per yard.

**WOMEN'S NIGHT GOWNS AT 59c**—We are offering a splendid quality of Muslin Gowns, made low neck, short sleeves, four rows of lace; slip-over style; well made, and very special at 59c each.

**WOMEN'S COMBINATION SUITS AT \$1.00**—Drawers and corset cover or skirt and corset cover; a very special garment; well made, trimmed with lace and embroidery; very special at \$1.00 each.

**WOMEN'S NIGHT GOWNS AT \$1.00**—We have two very special numbers in cambric gowns. This garment is high, 3-4 or long sleeves, tucked or embroidered yoke, and a dandy garment at \$1.00 each.

**NEW MERCERIZED POPLIN AT 25c YARD**—14 different shades of the new improved mercerized poplin. This material is now classed among the most popular spring cloths for early wear; we offer the highest grade at 25c yd.

**CHECKED WHITE GOODS AT 15c YARD**—We offer as long as about 10 pieces lasts, a 27 in. sheer grade of checked waistings, specially desirable just now for waists and dresses; the quality is very special at 15c yard.

**44 in. DRESS LINEN LAWN AT 59c YARD**—We have secured about 10 pieces of a dandy sheer quality of white linen lawn; it's worth at least 75c yard; offered at 59c yard.

**45 in. WHITE LINEN SUITING AT 59c**—We also received about 10 pieces of a heavy dress weight. This grade is very desirable for suits and skirts and cannot be bought other than here at less than 75c; priced very special at 59c yd.

**STRIPED PLAID FLAXONS AT 25c and 29c YARD**—We offer a case of 36 inch striped and plaid Flaxons, one of the very scarce items, which we have managed to secure and offer at 25c and 29c yard.

**COLORS LINEN SUITING AT 25c YARD**—30 in. wide, pink, light and dark blue and green; we place on sale these four pieces of all pure linen suiting, a very special quality, and offer it at 25c yard.

**WOMEN'S SILK PETTICOATS AT \$4.95 EACH**—New styles specially priced; made of a fine quality of taffeta silk, either black or colors; made with deep tucked and ruffled flounce; exceptional value at \$4.95.

**THE NEWEST ELASTIC BELTS AT 50c**—Just placed on sale about 20 different styles in elastic and leather belts. These belts comprise all that is new belts as to style or color; all shades and black, at 50c each.

**TWO NEW NUMBERS IN TAILORED SKIRTS**—We are offering along with the first showing of tailored skirts two very special numbers in black Panama cloth. These skirts are of an unusual good grade of cloth and strictly tailored and all seams hand finished. The lots are as follows:

The first lot which is made of a splendid grade of cloth, made with a deep yoke and pleated bottoms and very special at \$8.00.

The second lot contains skirts made of a better grade of cloth, but also made with the long yokes and pleated bottoms; very special, \$9.75.

**FIRST SHOWING OF SPRING SUITS**—Attention is called to our first showing of spring suits for women. The points worthy of mention are the high class workmanship, the quality of materials and the lowness of price. The first showing embraces:

A few advanced styles in cream serges with black and colored pin stripes; the new pleated skirts and new jackets. These suits are a very creditable showing of the advanced styles—\$22.00.

Along with this first shipment are a few plain cream serges for early wear. These suits are all precisely made, silk lined throughout, and a good quality of serge—priced at \$22.00.

Our first arrival of advanced styles in fancy spring suits contain a showing of tans, blues greens, greys and fancy mixtures, also small checks. They are of the most desirable models and priced very moderate at \$15.00 to \$25.00.

## IN SOCIAL CIRCLES

Miss Katterjohn and Mr. Cochran

Married Today.

A quiet home wedding took place this afternoon at 2:30 o'clock when Miss Genevieve Katterjohn was married to Mr. Lloyd Cochran, who resides near Mayfield. The ceremony was performed by the Rev. G. T. Sullivan, pastor of the Broadway Methodist church, and was witnessed by only the relatives and intimate friends. The wedding was quiet owing to illness in the family of the bride.

The bride wore a pretty traveling suit of tan cloth with hat and gloves to harmonize. She is the daughter of Mr. Henry Katterjohn, 1008 Jones street, and is a young woman popular in a wide circle of friends. Mr. Cochran is a prosperous young farmer at Farmington, in Graves county, and popular young man.

The couple, accompanied by Mrs. John Greff, left at 4:20 o'clock for Mayfield and will reside in Graves county near Farmington.

Author of "Lady of Decoration" Con-

pliments Clarksville Woman.

The following from the Clarksville Leaf-Chronicle will be of interest here, where Dr. Atkins has frequently visited her sister, Mrs. T. H. Puryear, and has many friends:

"Dr. Jessie B. Atkins is the recipient of a highly prized souvenir, a splendid likeness of Mrs. Fanny Caldwell Macaulay, the distinguished 'Lady of the Decoration.' It bore the autograph inscription: 'To the Lady of Blessed Ideals, with love from Fannie Caldwell Macaulay.' It is needless to say the recipient prizes the remembrance very greatly."

Senior Crescendo Club.

The Senior Crescendo club will meet in the studio of Miss Newell at 4:15 this afternoon.

Miss Frances Terrell to Entertain

Entre Nous.

Miss Frances Terrell, 516 Kentucky avenue, will entertain the Entre Nous club at bridge on Friday afternoon at 2 o'clock.

Entire Club With Miss Seebree.

Miss Elizabeth Seebree is hostess to the Entire club this afternoon at 2:30 o'clock at her home, 419 Monroe street.

W. C. T. U. Program Meeting.

The Woman's Christian Temperance Union of Paducah will meet Thursday afternoon at 3 o'clock in the downstairs committee room of the Broadway Methodist church. It will be a "Mother's Meeting," conducted by Mrs. F. B. May. There will be an attractive program of music and selected readings by a number of the members. A cordial invitation is extended to all interested persons to be present.

Sewing Bee Thursday Morning.

Mrs. John Brooks will entertain the Sewing Bee at 10:30 Thursday morning instead of on Wednesday afternoon, as first announced.

U. D. C. Chapter.

The Paducah chapter U. D. C. met on Tuesday afternoon at the Woman's club house. It was a pleasant and interesting session. The business was mainly routine.

The financial report of the benefit euchre was given. Thirty-seven dollars was announced as the sum collected. The plate won by Mrs. Marble and presented to the chapter was sold. Mrs. Mary Wade drew the fortunate number.

Mrs. C. E. Purcell gave a paper on the "Secession of Alabama and Georgia," and little Miss Myra Gilbert sang "Tulsa" very sweetly.

After the program a delicious luncheon was served by Mrs. Cecil Reed, Mrs. Frank Lucas and Mrs. Harry Singleton, the hostesses of the afternoon.

For the Clubbing Club.

The "clubbing club" is quite the social fad at present and many ladies are present each afternoon in the parlors of the First Christian church to study Mrs. Johnson's varied methods. Thursday afternoon will be devoted to chafing dish recipes and will be especially interesting, as everyone desires to learn some new methods of the get-ready-quick form of entertaining.

Woman's Club Executive Board Met

This Morning.

The executive board of the Woman's club met in regular business session preceding the club meeting on Thursday, at 10 o'clock this morning.

Brilliant Recital Last Night.

Miss Ann Florence Smith, of Boston, greatly delighted her audience last night at the Kentucky Avenue Presbyterian church. The program was a most attractive combination of music and readings, and was given charmingly by Miss Smith, who is one of the many-talented people.

Mrs. George B. Hart skillfully accompanied on the piano Miss Smith's vocal numbers, and rendered in an artistically brilliant way Gottschalk's "Tremolo" as a piano solo.

Social Club.

The Lutheran Social club will hold its regular monthly meeting tonight at the school house on South Fourth street.

Elks Dance Friday Night.

The Elks will entertain with a dance on Friday evening at their hospitable home on North Fifth

## MUST HAVE HURT DREADFULLY

From the Letter Recently Received From Mrs. E. Fourier, of Lake Charles, La., Her Suffering Must Have Been Dreadful.

Lake Charles, La. — "I had no courage or patience left," writes Mrs. E. Fourier, of this place, "as a result of my great suffering."

"I had backache, headache, heart palpitation, chills, fainting spells, sick stomach, nervousness, dragging sensations and thought every month I should die."

"No doctor could relieve me and the month before I began to take Cardui, I could hardly walk. I could not wear my corset, and had a pain in my right side."

"Since taking Cardui, I have no more pain. I can walk as far as I want and am feeling like a different woman."

If you suffer from any of the symptoms described by Mrs. Fourier, you are urged to take Cardui, for it should surely do as much for you as it has done for her.

If you are weak and ailing, suffer from lack of appetite, lack of blood, lack of nervous vitality, Cardui is probably just what you need to help you build up your physical and nervous constitution.

It builds, strengthens, restores and acts in every way as a specific tonic remedy, for womanly weakness.

See your druggist about it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

street. It is one of the regular series of fortnightly dances this winter.

List For the German Club's February Dance.

The list for the German club's dance on the evening of Monday, February 7, goes on at Cully's tomorrow. It will be quite a brilliant pre-lenten affair and the club will not entertain again until the Easter german.

Sidney Lanier Afternoon at Woman's Club.

The Woman's club will meet in regular fortnightly session Thursday afternoon at 2:30 o'clock at the club house. In the absence of Mrs. James A. Ruddy from the city, Mrs. Robert Becker Phillips will preside. It is hoped that all the members will be present.

The usual Informal Tea will be served in the library just following the business session and before the open meeting. Mrs. John Quincy Taylor will preside at the tea.

The literature department of the club, Miss Helen Bullitt Lowry, chairman, will present a literary and musical program at 3:30 o'clock in the auditorium. It will be a Sidney Lanier afternoon in honor of it being the birthday of Lanier. The musical numbers will be especially attractive and will include poems of Lanier, James Whitcomb Riley, Eugene Field and Henry Van Dyke that have been set to music, sung by some of Paducah's most notable singers.

1. Introductory, "The Relation of Poetry to Life of the Present Day."

2. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

3. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

4. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

5. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

6. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

7. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

8. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

9. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

10. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

11. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

12. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

13. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

14. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

15. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

16. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

17. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

18. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

19. "A Lover's Lullaby"—Words by Henry Van Dyke. Music by George Champion—Miss Anne Bradshaw.

20. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

26. "The Master and the Trees"—Words by Sidney Lanier—Miss Anne Bradshaw, soprano; Mrs. S. T. Hubbard, alto; Mr. John P. Robinson, tenor; Mr. Robert Scott, bass.

## LADIES

Have you noticed the new Spring pumps in our show window? They are only a few styles of the large assortment we keep on the inside. Before making a purchase give us a call. "We fit the feet."

Geo. Rock Shoe Co.  
321 Broadway, Paducah, Ky.

the suppression of the night riders, were in the city last night on business.

Miss Odie Puryear went to Vine Grove, Ky., for a visit today.

Mr. and Mrs. J. W. Bowland, 714 South Thirteenth street, are the parents of a fine girl baby.

Mr. and Mrs. L. C. Moss returned to their home in Pickneyville today after a visit to Dr. and Mrs. W. H. Parsons, 1600 Broad street.

Mr. Clarence Wyman has returned from Blinnville, where he was called by the illness of his mother, Mrs. Angie Wyman. Mrs. Wyman is improved.

Mr. W. A. Usher, of Mayfield, was in the city today on business.

Mr. James Green, of Mayfield, was in the city today.

Mrs. John Rock returned last night from Cleveland, where she was called to attend the funeral of her mother.

## TWO FIRES

KEPT THE FIRE DEPARTMENT BUSILY EMPLOYED.

Two fires kept the firemen on the hop last night. However, the fire ladders reached both blazes before the damage amounted to anything beyond a few cents. The first alarm was received at 6:45 o'clock from the boarding house of Mrs. Kittling, 1005 Broadway. A mattress was discovered on fire and filled the rooms with smoke. Those company, No. 3, and truck company, No. 4, responded to the alarm and carried the burning mattress out of the house.

At midnight a frame shack at Clements and Vesper street was discovered on fire. The third time it has been on fire within a few months. It is owned by Peter Eley, of Benton, and is vacant. Fire companies, Nos. 2 and 4, were called out.

In Bankruptcy.

In the District Court of the United States for the Western District of Kentucky, in bankruptcy.

In the matter of Ben Michael, a bankrupt.

## DIRE DISTRESS.

It Is Near at Hand to Hundreds of Paducah Headers.

Don't neglect an aching back. Backache is the kidney's cry for help.

Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease.

Profit by a Paducah citizen's experience.

J. H. Short, 1602 Broad street, Paducah, Ky., says: "Doan's Kidney Pills gave entire satisfaction in my case and consequently, I do not hesitate to recommend them. I suffered from a dull pain in my kidneys and hips and at times I found it impossible to stoop. The kidney secretions passed very irregularly and their unnatural appearance gave proof that my kidneys were affected. It took Doan's Kidney Pills, procured at the 1st Drug Co., only a short time to drive these troubles away. I must say that I never used a remedy that acted so promptly and brought such beneficial results."

For sale by all dealers. Price 50 cents. Foster-McBurg Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

## Borton Gives Bond.

L. Borton, who was indicted this week for alleged complicity in the murder of R. J. Hugg, was granted \$5,000 bond yesterday. The preliminary trial was held before Judge J. C. Spaight, of Mayfield, and it required all day to try the case. Many witnesses were examined, but Borton was held over to the grand jury.

## Life on Panama Canal

How had one frightful drawback—malaria troubles—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lumbia, N. C. "and I've had good health ever since." Cures Stomach, Liver and Kidney Troubles, and prevent Typhoid. 50c. Guaranteed by all druggists.

FORMER SHERIFF  
OGILVIE THROUGHSECURES QUITS FROM COUNTY  
FISCAL COURT.

Rules Were Adopted Governing the McCracken County Almshouse Yesterday.

## CLARK'S RIVER OBSTRUCTION

All was serene yesterday afternoon when the final settlement with former Sheriff John W. Ogilvie was made by the fiscal court, and the former sheriff was granted his quietus. An investigation by county officials had determined that in the land sales and personal property were \$499.70 worth of taxes that could be collected. Mr. Ogilvie never denied it, but wanted to make the settlement, and now he will collect the taxes and reimburse himself. By this method Mr. Ogilvie will have his books clean when he collects the money due him personally, for he has paid the money to the county, and will be ready to retire from office without any confusion or further thoughts of a settlement with the county.

When it was explained to the court, Magistrate Emery made the motion that the settlement be accepted and Mr. Ogilvie turn over his check for \$499.70 payable to the county. Mr. Ogilvie has one year in which to collect the money, which he has paid to the county.

The magistrates unanimously accepted an invitation from the Commercial club to be present at a dinner to be given at the Palmer House next Tuesday night. The dinner will be for all of the legislative bodies of the city and county to get together.

County Attorney Sanders E. Clay was authorized to proceed to collect money due the county by reason of Smedley's defaultations while he was deputy county clerk.

It was reported to the court that much drift had accumulated in Clark's river above the Clark's river bridge, owing to the supporters of the new bridge catching the drift. The Vincennes Bridge company has assured the county that the timber will be removed.

About 1,000 loads of dirt will be needed at the Clark's river bridge. The county judge, county attorney, and the road supervisor were authorized to open bids. Each bid must be accompanied by a certified check of \$25, and the successful bidder must execute bond.

County Judge A. W. Barkley was authorized to borrow any sum of money that might be necessary to pay current expenses until taxes begin to come in.

## The Almshouse

The resolutions adopted for the almshouse yesterday were:

"We find that a set of rules and regulations for the government of the sanitarium is very necessary. We recommend that no inmates be admitted to the sanitarium until they have a bath and clean clothes be obtained for them.

"We find the laundry arrangements very bad and we recommend a steam sterilizing laundry. Some provision should be made to separate the consumptive and other contagious diseased persons in a separate building from the others. A room should be provided for the dead separate from the main buildings so that a corpse may be cared for until buried.

"No children between the ages of three and 15 years should be admitted into the sanitarium. Some arrangement should be made to separate the dining room from the kitchen. We believe some good person or a trained nurse should be employed to care for the sick and helpless.

## Rules and Regulations.

"The keeper must be a man of good morals.

"The keeper must be on duty at all times except when he has a permit from the county judge or the chairman of the sanitarium committee, to leave.

"The keeper when away must leave some competent person or persons in charge during his absence.

"It will be the duty of the keeper to see after the sanitary condition of each ward daily and keep them in good sanitary condition.

"It will be the duty of the keeper to see that no profane or vulgar or immoral conduct of any kind is indulged in at or on the premises of the sanitarium.

"The inmates must have humane treatment at all times.

"It will be the duty of the keeper to see that the sick get their medi-

cine and diet according to the instructions of the county physician.

"It will be the duty of the keeper when one of the inmates dies to notify the proper authority at once.

"It will be the duty of the keeper to give the inmates two meals of good wholesome food per day from the first of October until the first day of April. And three meals per day from the first day of April until the first day of October of each year meal hours to be agreed upon between the sanitarium committee and keeper. It will be the duty of the keeper to see that each inmate takes a bath once a week unless sick or otherwise unable left to the discretion of the county physician.

"It will be the duty of the keeper to see that the well inmates do light work and take exercise, such as the county physician may think they are able to do and take.

"Any keeper or county physician refusing to comply with the foregoing rules will be asked to offer his resignation.

## Rules for the Physician.

"He must be a man of good morals.

"It will be the duty of the county physician to visit the sanitarium once per day and oftener if necessary and administer such medical aid and assistance as he sees necessary.

"It will be the duty of the county physician to notify the county sanitarium committee of any contagious disease that may break out at that place.

## Rules and Regulations For Inmates.

"The inmates will be under the control and supervision of the keeper at all times.

"The inmates must not use any profane or vulgar language or indulge in any immoral conduct.

"The inmates will be required to take a bath once a week unless sick or otherwise disabled.

"The inmates will be required to take exercise and work such as they are able to perform, unless sick or otherwise disabled, left to the discretion of the county physician.

"Any inmate refusing to obey or comply with the rules and regulations will be denied the privilege of remaining at the sanitarium."

## Allowances.

Out of the county levy fund allowed were: John Burnett, county commissioner, \$35.35; W. L. Brand, \$6.45; Henry Mammen, \$36.00; L. H. Ogilvie & company, \$18.00; Rhoads-Burford company, \$49.35; Paducah Home Telephone company, \$3; L. W. Henneberger company, \$7.70; R. D. Clements company, \$4.22; J. A. Thompson, \$376; Frank F. Baker, \$77; Mattli, Efinger & Roth, \$52.50.

Paid out of the road bridge fund was: J. R. Thompson, \$374.50; J. M. Harris, \$9.40.

## Thank Col. Singleton.

He resolved by the fiscal court of McCracken county:

That the thanks of this court be expressed to Col. Gus G. Singleton and his efficient deputies for their uniform courtesy to the court and commend them to the people of the county as efficient and courteous officials. Resolved further:

That these resolutions be spread upon the records of the court and that the papers of the city of Paducah publish a copy thereof in their next daily issues.

The members of the court were entertained royally yesterday. Col. Singleton passed around a basket of apples. As it was near noon the apples were enjoyed by everybody. Yesterday afternoon former Sheriff John W. Ogilvie was host and passed around cigars.

The woman who has a good figure is always willing to admit it.

## HIS FATHER

APPOINTED PROBATION OFFICER  
BY COUNTY JUDGE.

Says He Will Study the Method and System Employed in Jefferson County.

County Judge Alben W. Barkley has appointed his father, J. W. Barkley, county probation officer, succeeding Jack W. Nelson, who resigned. It has been known for some time that Mr. Nelson would receive the appointment, but Mr. Nelson was allowed to serve an extra month before the new officer took charge of his office. It is the intention of Mr. Barkley to co-operate with the police department in the handling of bad children. County Judge Barkley intends to establish a real juvenile court, and has secured information how the Jefferson juvenile court is operated. Mr. J. W. Barkley will look after the children, and in addition will investigate the charity cases that are reported to the county. Mr. Nelson served for 13 months, having been appointed by former County Judge McPherson. The office pays \$100 a month.

## BASKETBALL

C. C. & W. MAINTAINED THEIR  
LEAD AGAIN.

Light and Power Boys Give the D. A. D.'s Hard Tussle in the Second Game.

Teams	W.	L.	Pct.
C. C. & W.	4	0	1.000
D. A. D.	3	1	.750
High School	2	1	.667
Elks	2	1	.667
L. & P.	2	2	.500
Indians	0	4	.000

Two fast and clean games of basketball were played last night before a large crowd that whooped and yelled until the last basket was down. The Indians proved easy

going for the C. C. & W. quartet, as the team were taken into camp by a score of 31-1. The L. & P. team gave the D. A. D. a hard fight, but the first boys won 10-7. The games were hard fought. Four teams are now closely bunched, and it is safe to say that the contest will rise in the hands of one of the big four.

**The Best Hour of Life**  
Is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its the surest and best remedy for disordered lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble, 50c, \$1.00. Trial bottle free, guaranteed by all druggists.

## TEACHERS' PAY

WILL BE FORTHCOMING WITH-  
OUT A QUORUM.

All efforts to get a quorum of the members of the school board failed last night. For two hours President Pitts tried to get a seventh member, so that business could be transacted, but it was useless. Trustees Ferguson and Hubbard were out of the city. Trustee Saltzger was ill. Trustee Nicholas was prevented from attending owing to his business, while it was impossible to reach Trustee

Bradley and Morris by telephone. President Pitts called the board to order, and as there was no quorum business could not be transacted. Bills could not be paid, but it was decided that urgent bills and the teachers should be paid anyway. The checks will be handed out, and at the next meeting the action will be ratified.

## Flag Contest.

Last spring the Whitaker school won the flag in the city clean up contest, but as a flagstaff has never been erected the public have never seen the old glory unfurled. Trustee Kamm promised to see the contractors and if they failed to erect the pole to have it done and then present the flag. The flagstaff was a part of the contract. The pupils of the school desire to have a flag raising Washington's birthday.

It was decided to hold the next session of the school board February 28 instead of March 1. Superintendent Carmany will attend the National Educational association, which will meet in Indianapolis March 1-1. He desires to be present at the school board meeting to present his monthly report, while he will attend the meeting in Indianapolis.

Present last night were: Trustees W. J. Pitts, J. E. Broadway, William Kamm, C. G. Kelly, E. J. Pettit and H. G. Wells. The board adjourned last night to meet next Tuesday night.

March Grass, New Orleans. For the above occasion the L. C. R. R. will sell tickets to New Orleans and return on February 1st to 7th inclusive for \$17.05, return March 1st to 7th inclusive for \$17.05, return March 1st to 7th inclusive for \$17.05, return March 1st to 7th inclusive for \$17.05. J. T. Donovan, Agent City Office. R. M. Prather, T. A. Union depot.

The best coal in the city and abundance of it. Plenty of teams to haul it. No coal famine with us. Give us your order and you will not be disappointed!
